Education

Rochester Institute of Technology (RIT)

Bachelor of Science in Computing and Information Technologies. GPA [3.74/4.0]

Dean's List (Spring 2024, Fall 2024, Spring 2025, Fall 2025, Spring 2026)

Expected Graduation: **2027**

Relevant Coursework:

Personal Software Engineering, Server Programming, Info Assurance and Security, Intro to Databases, Web & Mobile Development, Software Designing Principles, Software Development and Problem Solving.

Experience

DXLA Solutions

Pristina, Kosovo

Software Engineer Intern (Co-op)

May 2025 – September 2025

- Developed and maintained backend components using **C# and .NET**, contributing to internal business applications.
- Assisted in designing and improving system logic for data handling and process automation.
- Collaborated with senior developers to debug, test, and optimize application performance.
- Gained experience working in a professional software development environment using version control and agile practices.

Driving School (Private Business)

Pristina, Kosovo

Administrative Assistant / Systems Support

2023 – 2025

- Managed daily administrative database and operations, including **student records, scheduling, and payments**.
- Helped design and improve an internal system to **track payments, lesson progress, and exam eligibility**.
- Coordinated scheduling between **students, instructors, vehicles, and practical/theory exams**, reducing conflicts and delays using integrated digital systems.
- Maintained accurate financial and operational records, supporting smoother business operations.

Leadership & Activities

RIT Fitness & Athletics (On-Campus Employment)

Rochester, NY

Athletic Facility Student Supervisor

Spring 2026

- Supervised athletic facilities to ensure safety, policy compliance, and positive user experience.
- Assisted patrons, monitored equipment, and supported event setup and breakdown.
- Maintained clean, organized, and welcoming fitness environments.

RIT Kosovo Coding Tournament (Hackathon)

Pristina, Kosovo

Team Leader – Web Development & Cybersecurity

Spring 2025

- Awarded **2nd Place** in a competitive coding tournament organized by RIT Kosovo.
- Designed and implemented a **web-based system** to securely store and manage student grades.
- Built backend logic and database structures to **detect and log cybersecurity threats**, including intrusion attempts and phishing behavior.
- Applied concepts from **web development, databases, and cybersecurity** in a real-world scenario.
- Collaborated in a team-based environment under time constraints and presented the solution to faculty judges.

Skills & Interests

Technical:

C, C++, C#, .NET, Java, PHP, SQL, React, JavaScript, HTML/CSS, Bootstrap 5, Git, Object-Oriented Programming

Languages:

English (Fluent), Albanian (Native), German (B2)

Interests:

Software engineering, fitness and athletics, boxing, swimming, and building practical systems that improve operations.
